clinical technology

RIGHT SOLUTIONS. RIGHT NOW.

**Eclipse** is a clinical technology company that collaborates with you to deliver the RIGHT technology solutions and data management services to ensure your clinical trial is a success. We're ISO9001:2008 registered, a testament to our commitment to providing products and services that meet customer and legal requirements. Our partnership with Oracle allows us to help companies leverage best-in-class technology solutions, but it's our unwavering commitment to client satisfaction that separates us from the competition. We are not satisfied until you achieve your goals - a trait our customers affectionately refer to as a genuine obsession with client service.

Our solutions include the InForm GTM™ EDC systems, regarded as the industry's best, which brings ease to data collection, aggregation and analytics, all in a system with more successful submissions to the FDA than any of its kind. Our customizable suite of advanced technology and clinical services, along with the hands-on support you'll receive from our seasoned team of industry experts, will ensure your clinical trial is successful and compliant. We'll reach your goals together - partners in a joint mission achieved day-by-day, with the RIGHT technology solutions and unparalleled customer service.
